2. That it is in the best interests of the citizens of this state to induce the creation of new or the expansion of existing tourism attractions within this state in order to advance the public purposes of relieving unemployment by preserving and creating jobs that would not exist if not for the inducements to be offered by this state to approved companies, and by preserving and creating sources of tax revenues for the support of public services provided by this state;

3. That the authority prescribed by this act, and the purposes to be accomplished under the provisions of this act, are proper governmental and public purposes for which public funds may be expended; and

4. That the inducement of the creation or expansion of tourism attraction projects is of paramount importance, mandating that the provisions of this act be liberally construed and applied in order to advance public purposes.

(b) off-site construction of utility extensions to the boundaries of the real estate on which the facilities are located,

all of which are to be used to improve the economic situation of the approved company in a manner that shall allow the approved company to attract tourists.

SECTION 4. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 2357.37 of Title 68, unless there is created a duplication in numbering, reads as follows:

A. The Director, with approval of the Oklahoma Tourism and Recreation Commission, shall establish standards for the making of applications for inducements to eligible companies and their tourism attraction projects by the promulgation of rules in accordance with the Administrative Procedures Act.

B. With respect to each eligible company making an application to the Director for inducements, and with respect to the tourism attraction project described in the application, the Director shall make inquiries and request materials of the applicant that shall include, but shall not be limited to:

1. Marketing plans for the project that target individuals who are not residents of this state;

2. A description and location of the project;

3. Capital and other anticipated expenditures for the project that indicate that the total cost of the project shall exceed Five Hundred Thousand Dollars (\$500,000.00) and the anticipated sources of funding therefor;

4. The anticipated employment and wages to be paid at the project;

5. Business plans which indicate the average number of days in a year in which the project will be in operation and open to the public; and

6. The anticipated revenues and expenses generated by the project.

Based upon a review of these materials, if the Director determines that the eligible company and the tourism attraction project may reasonably be expected to satisfy the criteria for final approval in subsection C of this section, then the Director may consider granting a preliminary approval of the eligible company and the tourism attraction project pursuant to subsection B of Section 5 of this act.

C. After granting a preliminary approval, the Director shall engage the services of a competent consulting firm which shall submit to the Director a report analyzing the data made available by the eligible company and which shall collect and analyze additional information necessary to determine that, in the independent judgment of the consultant, the tourism attraction project:

1. Shall attract at least twenty-five percent (25%) of its visitors from among persons who are not residents of this state;

2. Shall have costs in excess of Five Hundred Thousand Dollars (\$500,000.00);

3. Shall have a significant and positive economic impact on this state considering, among other factors, the extent to which the tourism attraction project will compete directly with existing tourism attractions in this state, and the amount by which increased tax revenues from the tourism attraction project will exceed the income tax credit allowed pursuant to Section 7 of this act;

4. Shall produce sufficient revenues and public demand to be operating and open to the public on a regular and persistent basis; and

5. Shall not adversely affect existing employment in this state.

D. The eligible company shall pay for the cost of the consultant's report and shall cooperate with the consultant and provide all of the data that the consultant deems necessary to make a determination of this section.

SECTION 5. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 2357.38 of Title 68, unless there is created a duplication in numbering, reads as follows:

A. The Director, with the approval of the Oklahoma Tourism and Recreation Commission, shall establish standards for preliminary approval and final approval of eligible companies and their projects by the promulgation of rules in accordance with the Administrative Procedures Act.

B. The Director may give preliminary approval by designating an eligible company as a preliminarily approved company and preliminarily authorizing the undertaking of the tourism attraction project.

C. The Director shall review the report of the consultant prepared pursuant to subsection C of Section 4 of this act and other information that has been made available to the Director in order to assist the Director in determining whether the tourism attraction project will further the purposes of this act.

D. The criteria for final approval of eligible companies and tourism attraction projects shall include, but shall not be limited to, the criteria set forth in subsection C of Section 4 of this act.

E. After a review of the relevant materials, the consultant's report, other information made available to the Director, and completion of other inquiries, the Director may give final approval to the eligible company's application for a tourism attraction project and may grant to the eligible company the status of an approved company. The decision reached by the Director may be appealed by the eligible company to the Oklahoma Tourism and Recreation Commission. The decision of the Oklahoma Tourism and Recreation Commission shall constitute the final administrative decision of the Oklahoma Department of Tourism and Recreation.

SECTION 6. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 2357.39 of Title 68, unless there is created a duplication in numbering, reads as follows:

A. Upon granting final approval, the Director may enter into an agreement with an approved company with respect to its tourism attraction project. The terms and provisions of each agreement shall include, but shall not be limited to:

1. The amount of approved costs, which shall be determined by negotiations between the Director and the approved company;

2. A date certain by which the approved company shall have completed the tourism attraction project. Within three (3) months of the completion date, the approved company shall document the actual cost of the tourism attraction project through a certification of such costs by an independent certified public accountant acceptable to the Director; and

3. The following provisions:

a. the term of the agreement shall be ten (10) years from the later of:

(1) the date of the final approval of the tourism attraction project, or

(2) the completion date specified in the agreement, if such completion date is within two (2) years of the date of the final approval of the tourism attraction project. However, the term of the agreement may be extended for up to two (2) additional years by the Director, with the advice and consent of the Oklahoma Tax Commission, if the Director determines that the failure to

complete the tourism attraction project within two (2) years resulted from:

- (a) unanticipated and unavoidable delay in the construction of the tourism attraction project,
 - (b) an original completion date for the tourism attraction project, as originally planned, which will be more than two (2) years from the date construction began, or
 - (c) a change in business ownership or business structure resulting from a merger or acquisition,
- b. in any tax year during which an agreement is in effect, if the amount of income tax due from the approved company exceeds the state income tax credit available to the approved company, then the approved company shall pay the excess to this state as income tax,
- c. within forty-five (45) days after the end of each calendar year, the approved company shall supply the Director with such reports and certifications as the Director may request demonstrating to the satisfaction of the Director that the approved company is in compliance with the provisions of this act, and
- d. the approved company shall not receive an income tax credit with respect to any calendar year if:
- (1) in any calendar year following the fourth year of the agreement, the tourism attraction project fails to attract at least twenty-five percent (25%) of its visitors from among persons who are not residents of this state, or
 - (2) in any calendar year following the first year of the agreement, the tourism attraction project is not operating and open to the public on a regular and consistent basis.

B. The agreement shall not be transferable or assignable by the approved company without the written consent of the Director.

C. If the approved company utilizes income tax credits which are subsequently disallowed, then the approved company will be liable for the payment to the Tax Commission of all taxes resulting from the disallowance of the credits plus applicable penalties and interest.

D. The Director shall provide a copy of each agreement entered into with an approved company to the Tax Commission.

SECTION 7. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 2357.40 of Title 68, unless there is created a duplication in numbering, reads as follows:

A. Upon receiving notification from the Director that an approved company has entered into a tourism project agreement and is entitled to the income tax credits provided by this act, the Oklahoma Tax Commission shall provide the approved company with such forms and instructions as are necessary to claim those credits.

B. An approved company whose agreement provides that it shall expend approved costs of more than Five Hundred Thousand Dollars (\$500,000.00) but less than One Million Dollars (\$1,000,000.00) shall be entitled to an income tax credit if the company certifies to the Tax Commission that it has expended at least Five Hundred Thousand Dollars (\$500,000.00) in approved costs, and the Director certifies that the approved company is in compliance with this act. The Tax Commission shall then issue an income tax credit memorandum to the approved company granting an income tax credit in the amount of ten percent (10%) of the approved costs. Subsequent requests for credit for additional certified approved costs in excess of Five Hundred Thousand Dollars (\$500,000.00) but less than One Million Dollars (\$1,000,000.00) shall result in an income tax credit in the amount of ten percent (10%) of the approved costs. Income tax credits allowed pursuant to the provisions of this act shall not be transferable or assignable.

An approved company whose agreement provides that it shall expend approved costs in excess of One Million Dollars (\$1,000,000.00) shall be entitled to an income tax credit if the company certifies to the Tax Commission that it has expended at least One Million Dollars (\$1,000,000.00) in approved costs and the Director certifies that the approved company is in compliance with this act. The Tax Commission shall then issue an income tax credit memorandum to the approved company granting an income tax credit in the amount of twenty-five percent (25%) of the approved costs. The credit on all subsequent additional certified approved costs shall be in the amount of to twenty-five percent (25%) of the costs.

The Tax Commission may require proof of expenditures. Additional credit memoranda may be issued as the approved company certifies additional expenditures of approved costs.

No income tax credit memorandum shall be issued for any approved costs expended after the expiration of two (2) years from the date the agreement was signed by the Director and the approved company. However, the Director, with the advice and consent of the Tax Commission, may authorize income tax credits for approved costs expended up to four (4) years from the date the agreement was signed if the Director determines that the failure to complete the tourism attraction project within two (2) years resulted from:

1. Unanticipated and unavoidable delay in the construction of the tourism attraction project;

2. An original completion date for the tourism attraction project, as originally planned, which will be more than two (2) years from the date construction began; or

3. A change in business ownership or business structure resulting from a merger or acquisition.

C. If the amount of an income tax credit allowed pursuant to the provisions of this section exceeds the amount of income taxes due, the amount of the credit not used may be carried forward for a period not to exceed ten (10) years.

D. The Tax Commission shall promulgate rules as are necessary for the proper administration of this act. The Tax Commission may also develop such form and instructions as are necessary for an approved company to claim the income tax credit provided by this act.

E. The Tax Commission shall have the authority to obtain any information necessary from the approved company and the Director to verify that approved companies have received the proper amounts of income tax credits as authorized by this act. The Oklahoma Tax Commission shall demand the repayment of any credits taken in excess of the credit allowed by this act.

SECTION 8. This act shall become effective November 1, 2000.
