For applications submitted on and after January 1, 2001, in order to qualify to receive incentive payments as authorized by the Oklahoma Quality Jobs Program Act, in addition to other qualifications specified herein, an establishment which locates its principal business activity in a municipality with a population

which exceeds sixty thousand (60,000) persons located within a metropolitan statistical area with a population which exceeds seven hundred thousand (700,000) persons, as determined by the Oklahoma State Data Center based on the most recent U.S. Department of Commerce data, the principal seat of government of which is located in a high-employment county, shall be required to pay the individuals it employs in new direct jobs an average annualized wage within three (3) years of the anticipated date on which the establishment will receive its first incentive payment in the following amounts:

2. During the 2002 and subsequent calendar years, Twenty-six Thousand Dollars (\$26,000.00).

For purposes of this subsection, the amount of health insurance premiums or other benefits paid by the establishment shall not be included for purposes of computation of the average annualized wage. Provided, the provisions of this subsection shall not apply to an establishment which locates its principal business activity in an opportunity zone of a high-employment county.

G. As used in this section:

1. "High-employment county" means a county in which:

- a. the unemployment rate does not exceed three and one-half percent (3.5%) for the calendar year prior to the year in which the establishment applies to receive incentive payments, as certified by the Oklahoma Employment Security Commission; provided, if, at the time the establishment applies to receive incentive payments, the Oklahoma Department of Commerce finds that changes in economic conditions or other circumstances in a high-employment county have caused the unemployment rate in the county to exceed three and one-half percent (3.5%) and that such rate is likely to exceed such level for the remainder of the calendar year, such county shall not be considered to be a high-employment county, and
- b. the population, as determined by the Oklahoma State Data Center based on the most recent U.S. Department of Commerce data, exceeds three hundred fifty thousand (350,000) persons; and

2. "Opportunity zone" means one or more census tracts in which, according to the most recent federal decennial census, at least thirty percent (30%) of the residents have annual gross household incomes from all sources below the poverty guidelines established by the U.S. Department of Health and Human Services.

H. An establishment locating its principal business activity in a high-employment county, whether or not such location is in an opportunity zone, shall be required to submit an annual report to the Oklahoma Tax Commission containing such information as the Tax Commission may require to determine if the establishment is in compliance with the provisions of this section.

I. The Department shall determine if the applicant is qualified to receive incentive payments.

J. If the applicant is determined to be qualified by the Department and is not subject to the provisions of subparagraph d of paragraph 6 of subsection A of Section 3603 of this title, the Department shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for a ten-year period and to estimate the amount of gross payroll for a ten-year period. In conducting such cost/benefit analysis, the Department shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the added cost to the state of providing services, and such other criteria as deemed appropriate by the Department. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits, except for applicants subject to the provisions of subparagraph d of paragraph 6 of subsection A of Section 3603 of this title.

K. Upon approval of such an application, the Department shall notify the Oklahoma Tax Commission and shall provide it with a copy of the application and the results of the cost/benefit analysis. The Tax Commission may require the qualified establishment to submit such additional information as may be necessary to administer the provisions of the Oklahoma Quality Jobs Program Act. The approved establishment shall report to the Tax Commission periodically to show its continued eligibility for incentive payments, as provided in Section 3606 of this title. The establishment may be audited by the Tax Commission to verify such eligibility. Once the establishment is approved, an agreement shall be deemed to exist between the establishment and the State of Oklahoma, requiring the continued incentive payment to be made as long as the establishment retains its eligibility as defined in and established pursuant to this section and Sections 3603 and 3606 of this title and within the limitations contained in the Oklahoma Quality Jobs Program Act, which existed at the time of such approval.

L. A municipality with a population of less than one hundred thousand (100,000) persons in which an establishment eligible to receive quarterly incentive payments pursuant to the provisions of this section is located may file a claim with the Tax Commission for up to twenty-five percent (25%) of the amount of such payment. The amount of such claim shall not exceed amounts paid by the municipality for direct costs of municipal infrastructure improvements to provide water and sewer service to the establishment. Such claim shall not be approved by the Tax Commission unless the municipality and the establishment have entered into a written agreement for such claims to be filed by the municipality prior to submission of the application of the establishment pursuant to the provisions of this section. If such claim is approved, the amount of the payment to the establishment made pursuant to the provisions of Section 3606 of this title shall be reduced by the amount of the approved claim by the municipality and the Tax Commission shall issue a warrant to the municipality in the amount of the approved claim in the same manner as warrants are issued to qualifying establishments.

SECTION 2. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby

declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
