BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES AND THE SENATE OF THE 1ST SESSION OF THE 49TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to the Constitution of the State of Oklahoma by adding a new Section 14 to Article XXIII thereof, to read as follows:

A. To reduce exposure to secondhand smoke and its adverse health effects, smoking is hereby not allowed inside enclosed indoor workplaces, except as provided in subsections B and C of this section.

B. 1. This restriction of smoking shall not apply to stand-alone bars and stand-alone taverns.

2. In addition, this restriction of smoking shall not apply to the following:

- a. charitable bingo operations,
- b. up to twenty-five percent (25%) of the guest rooms at a hotel or other lodging establishment,
- c. retail tobacco stores,

- d. workplaces where only the owner or operator of the workplace, or the immediate family of the owner or operator, performs any work in the workplace, and the workplace has only incidental public access,
- e. workplaces occupied exclusively by one or more smokers if the workplace has only incidental public access,
- f. private offices occupied exclusively by one or more smokers,
- g. workplaces within private residences, except that smoking shall not be allowed inside any private residence that is used as a licensed child care facility, and
- h. medical research or treatment centers, if smoking is integral to the research or treatment.

3. Any indoor workplace exempted in paragraph 2 of this subsection that is within the same building or otherwise shares an indoor space with any nonsmoking area shall be fully enclosed and exhausted directly to the outside in such a manner that no smoke can drift or circulate into a nonsmoking area, if the exempted workplace is to permit smoking.

C. An indoor workplace not otherwise restricted from doing so may elect to provide smoking rooms where no work is required to be performed provided each smoking room is fully enclosed and exhausted directly to the outside in such a manner that no smoke can drift or circulate into a nonsmoking area.

D. Any employer may choose a more restrictive smoking policy, including being totally smoke free.

E. To provide smoke-free access to buildings, tobacco smoking shall not be allowed outside within fifteen (15) feet of any entrance, exit or air intake of any indoor workplace that includes a nonsmoking area.

F. The possession of lighted tobacco by any person in any form in any area required by this section to be a nonsmoking area is a public nuisance, is dangerous to public health, and constitutes a misdemeanor. An employer who knowingly permits the possession of lighted tobacco in any form in any area required by this section to be a nonsmoking area shall be deemed to be maintaining a public nuisance and a danger to public health. Such act by an employer shall constitute a misdemeanor.

G. Employers shall post appropriate signage and ask anyone smoking in nonsmoking areas to refrain from smoking.

H. Compliance with this section by employers shall be considered by all boards and agencies of the state and its political subdivisions as an incorporated standard of operation together with and in the same manner as all other standards of operation required by law, regulation, rule or ordinance enforced by the board, agency or political subdivision.

I. This section shall not prevent the enactment of statutes, or ordinances to the extent permitted by law more restrictive than this section to further protect the public and workers from secondhand tobacco smoke exposure.

J. The following definitions apply to terms used in this section:

1. "Charitable bingo operations" means the room or rooms where licensed charitable bingo games are being operated, but only during the hours of operation of such games;

2. "Employer" means the person in control of each workplace;

manager, officer, director, apprentice, trainee, associate, servant, or volunteer. An indoor workplace includes work areas, employee lounges and restrooms, conference and classrooms, employee cafeterias and hallways and other spaces used or visited by employees. It includes all space between a floor and ceiling that is predominantly or totally enclosed by walls or windows, regardless of doors, doorways, open or closed windows, stairways or the like. This section applies to such enclosed indoor workplaces without regard to whether work is occurring at any given time;

4. "Nonsmoking area" means any area in which smoking is not allowed by the owner or operator of the area, by this section, or by any legal order, statute, or ordinance;

K. This amendment shall become effective ninety (90) days following its approval by the voters.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

State Question No. _____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends the Oklahoma Constitution. It adds a new Section 14 to Article 23. It restricts smoking in indoor workplaces. This is because of secondhand smoke. The measure defines what places are indoor workplaces. They are indoor places of employment. It also makes exceptions to the smoking restriction. Stand-alone bars and stand-alone taverns would be totally exempt from the restrictions. Other types of workplaces would be exempt, but the smoke cannot drift into a nonsmoking area. Employers would be allowed to provide smoking rooms. The smoking room must be fully enclosed. No work could be required to be done in the smoking room. No smoke could drift into a nonsmoking area from the smoking room. This measure allows the Legislature to pass laws to further protect the workers and the public from the health effects of tobacco smoke.
