In order to standardize the information and analysis of the financial condition of the System, the Board shall provide information regarding the financial and actuarial condition of the System using assumptions or requirements as hereinafter required for the report stating the condition of the System as of July 1, 2002, and for each subsequent reporting date, which information shall be contained in an appendix or addendum to the annual report. For purposes other than the reporting requirements contained in the appendix or addendum, all

actuarial and economic assumptions shall be those assumptions adopted by the System in its annual actuarial valuation. The appendix or addendum shall contain a statement of the financial condition of the System:

M. The Executive Director and such employees of the System as the Executive Director may designate are hereby authorized to prepare certified copies of records of the System and every such certified copy shall be admissible in any proceeding in any court in like manner as the original thereof.

SECTION 3. AMENDATORY 47 O.S. 2001, Section 2-305.4, as amended by Section 7, Chapter 406, O.S.L. 2003 (47 O.S. Supp. 2004, Section 2-305.4), is amended to read as follows:

Section 2-305.4 A. Notwithstanding any other provision contained herein to the contrary, the benefits payable to a member in the System shall be subject to the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, in accordance with the provisions of subsections B and C of this section.

B. Except as provided in paragraphs 3 through 7 of this subsection, any accrued retirement benefit payable to a member shall not exceed the lesser of:

1. One Hundred Sixty Thousand Dollars (\$160,000.00), effective January 1, 2002, adjusted for increases in the cost of living, as prescribed by the Secretary of the Treasury or his delegate, effective January 1 of each calendar year and applicable to the limitation year ending with or within such calendar year; or

2. For limitation years beginning prior to January 1, 1995, one hundred percent (100%) of the average earnings of the member for the three (3) consecutive calendar years, while a member in the System, in which the member's earnings were the highest. For purposes of this paragraph, earnings for any limitation year shall be the earned income of the member, wages, salaries, fees for professional services, and other amounts received for personal services actually rendered in the course of employment with a participating employer, provided such amounts are actually paid or includable in gross income during such year. Earnings shall exclude the following:

- a. contributions by a participating employer to a plan of deferred compensation which are not included in the gross income of the member for the taxable year in which contributed or any distributions from a funded plan of deferred compensation, and
- b. other amounts which received special tax benefits, or contributions made by a participating employer, whether or not under a salary reduction agreement, towards the purchase of an annuity described in Section 403(b) of the Internal Revenue Code of 1986, whether or not the amounts are actually excludable from the gross income of the member;

3. Except as provided in paragraph 5 of this subsection, the limitations specified in paragraphs 1 and 2 of this subsection shall not be applicable with respect to any member whose total annual accrued retirement benefit payable from the System is less than Ten Thousand Dollars (\$10,000.00) and who has not at any time participated in any contribution plan, within the meaning of Section 415(k) of the Internal Revenue Code of 1986, as amended, maintained by a participating employer;

4. If a member has less than ten (10) years of participation in the System and all predecessor pension and retirement systems, the

dollar limitation otherwise applicable under paragraph 1 of this subsection shall be reduced by multiplying such limitation by a fraction, the numerator of which is the number of the years of participation in the System of the member, but never less than one (1), and the denominator of which is ten (10). This paragraph, to the extent required by the Secretary of the Treasury, shall be applied separately to each change in benefit structure hereunder;

5. Effective for limitation years beginning on or after January 1, 1995, if a member has been credited with less than ten (10) years of credited service, the dollar amount otherwise applicable under paragraph 3 of this subsection shall be reduced by multiplying such dollar amount by a fraction, the numerator of which is the number of the years of credited service of the member, but never less than one (1), and the denominator of which is ten (10);

6. The limitations specified in this section shall apply to a straight life annuity with no ancillary benefits and to an annuity that constitutes a qualified joint and survivor annuity. If payment is in a different form, the amount thereof shall be adjusted to be the actuarial equivalent of a single life annuity and the limitations shall be applied to such adjusted amount. Such adjustment shall be based on the mortality tables and interest rates described in divisions (1), (2) and (3) of subparagraph a and subparagraph c of this paragraph.

- a. If payment begins before the member reaches sixty-two (62) years of age, the limitation in paragraph 1 of this subsection shall be reduced on an actuarially equivalent basis; provided however, prior to January 1, 2002, if such payment begins after the member reaches fifty-five (55) years of age, the reduced limit shall not be less than Seventy-five Thousand Dollars (\$75,000.00) and, if payment begins prior to the member reaching fifty-five (55) years of age, the

reduced limit shall not be less than the actuarial equivalent of the Seventy-five Thousand Dollar (\$75,000.00) limit for age fifty-five (55); provided further, that in no event shall such amount be reduced below Fifty Thousand Dollars (\$50,000.00), adjusted for increases in the cost of living, as prescribed by the Secretary of Treasury, or his delegate.

- (1) For limitation years beginning before January 1, 1999, the interest rate to be used to determine such actuarial equivalent amount in this subparagraph shall be the rate specified in the actuarial tables adopted by the Board as described in subparagraph c of this paragraph; however, the interest rate used in determining an actuarially equivalent pre-age-sixty-two (62) amount shall not be less than five percent (5%).
- (2) Effective for limitation years beginning on or after January 1, 1999, the actuarial equivalent adjustments in this subparagraph shall be determined using the prevailing Commissioner's standard table (described in Section 807(d)(5)(A) of the Internal Revenue Code of 1986, as amended), without regard to any other subparagraph of Section 807(d)(5), used to determine reserves for group annuity contracts issued on the date as of which the payment is being determined. Notwithstanding any other System provisions to the contrary, for distributions with annuity starting dates on or after December 31, 2002, the applicable mortality table used for purposes of adjusting any benefit or limitation under Sections 415(b)(2)(B), (C) or

(D) of the Internal Revenue Code of 1986, as amended, is the table described in Rev. Rul. 2001-62. The interest rate shall be five percent (5%).

(3) For limitation years beginning on or after January 1, 1997, if payment begins before the member reached age sixty-two (62), the reductions in the limitations in this subparagraph shall not apply to a member who is a "qualified participant" as defined in Section 415(b)(2)(H) of the Internal Revenue Code of 1986, as amended.

b. If payment begins after the member reaches sixty-five (65) years of age, the limitation in paragraph 1 of this subsection shall be the actuarial equivalent of such amount otherwise applicable at the member reaching sixty-five (65) years of age.

(1) For limitation years beginning before January 1, 1999, the interest rate to be used to determine such actuarial equivalent amount in this subparagraph shall be the rate specified in the actuarial tables adopted by the Board as described in subparagraph c of this paragraph; however, the interest rate used in determining an actuarially equivalent post-age-sixty-five (65) amount shall not be greater than five percent (5%).

(2) Effective for limitation years beginning on or after January 1, 1999, the actuarial equivalent adjustments in this subparagraph shall use the mortality and interest rate basis provided in division (2) of subparagraph a of this paragraph.

c. The actuarial tables adopted by the Board for limitation years beginning before January 1, 1999, for purposes of adjusting any benefit under Sections 415(b)(2)(B), (C) or (D) shall be based on an interest rate of seven percent (7%) and the 1983 Group Annuity Mortality Table.

7. In no event shall the maximum annual accrued retirement benefit of a member allowable under this section be less than the annual amount of such accrued retirement benefit, including early pension and qualified joint and survivor annuity amounts, duly accrued by the member as of the last day of the limitation year beginning in 1982, or as of the last day of the limitation year beginning in 1986, whichever is greater, disregarding any plan changes or cost-of-living adjustments occurring after July 1, 1982, as to the 1982 accrued amount, and May 5, 1986, as to the 1986 accrued amount.

8. Effective for years beginning after December 31, 1997, if a member purchases service under Section 2-307.5 and/or Section 2-307.7 of this title, which qualifies as "permissive service credit" pursuant to Section 415(n) of the Internal Revenue Code of 1986, as amended, the limitations of Section 415 of the Internal Revenue Code of 1986, as amended, may be met by either:

- a. treating the accrued benefit derived from such contributions as an annual benefit under this section, or
- b. treating all such contributions as annual additions for purposes of Section 415(c) of the Internal Revenue Code of 1986, as amended.

9. Effective for years beginning after December 31, 1997, if a member repays to the System any amounts received because of his prior termination pursuant to paragraph 3 of subsection (b) of Section 2-307 of this title, such repayment shall not be taken into

account for purposes of Section 415 of the Internal Revenue Code of 1986, as amended, pursuant to Section 415(k)(3) of the Internal Revenue Code of 1986, as amended.

For limitation years beginning on or after January 1, 1995, paragraphs 4, 5 and 6 of this subsection shall not apply to a benefit paid under the System as a result of the member becoming disabled by reason of personal injuries or sickness, or amounts received by the beneficiaries, survivors or estate of the member as the result of the death of the member.

C. For distributions made in limitation years beginning on or after January 1, 2000, the combined limit of repealed Section 415(e) of the Internal Revenue Code of 1986, as amended, shall not apply.

D. The Board is hereby authorized to revoke the special election previously made under Internal Revenue Code Section 415(b)(10).

SECTION 4. AMENDATORY 47 O.S. 2001, Section 2-307, as amended by Section 8, Chapter 406, O.S.L. 2003 (47 O.S. Supp. 2004, Section 2-307), is amended to read as follows:

Section 2-307. (a) In the event a member of the System obtains a leave of absence, of not to exceed ninety (90) days at any one time, because of injury or illness or for any personal reason other than the acceptance of other employment, his membership in the System shall not terminate and the period of such leave shall be counted toward retirement for length of service if, during such leave of absence or at the end thereof, he shall pay to the Fund an amount equal to the contributions which would have been deducted from his salary during such period if such leave of absence had not been obtained, but if such contributions are not paid during such leave or made up within thirty (30) days after the end of such leave, or if such leave of absence extends for more than ninety (90) days at any one time, the period of such leave shall not be counted toward length of service for retirement nor in computing the amount

of any pension or any retirement pay or any other benefits hereunder.

(b) In the event a member of the System obtains a leave of absence for the purpose of accepting other employment, or if a member resigns and during such resignation accepts other employment, his membership in the System shall terminate as of the date of the beginning of such leave. Provided, that if the membership of a member of the System shall have been terminated either by such leave of absence or by termination of employment, and such former member is reemployed, the Board, upon application therefor made in the same manner as an original application for membership in the System, may reinstate such membership. Such reinstated member shall be allowed full credit toward retirement for all service credit accrued up to the time of termination of membership if, but only if:

1. Such application for reinstatement is made within three (3) years from the date of such termination of such membership; and

2. Such reinstated member remains a member of the System for a period of five (5) consecutive years after reinstatement of membership; and

3. Such reinstated member reimburses the Fund, at the time application for reinstatement is made, with the amount of any portion of his membership contribution which has been refunded to him under the provisions of Section 2-308 of this title; and

4. Effective January 1, 2002, a lump-sum payment for repayment of any amount received because of a member's prior termination may be repaid by trustee-to-trustee transfers from a Section 403(b) annuity, an eligible Section 457(b) plan, and/or a Section 401(a) qualified plan.

The provisions of this subsection shall not apply to absences caused by such military service as may be considered as service for retirement for length of service under the provisions of subsection (c) of this section.

(c) In determining the eligibility of a member for retirement based upon length of service, any service in the Armed Forces of the United States or any component thereof between the 16th day of September, 1940, and the 30th day of June, 1954, and any service in the Armed Forces of the United States or any component thereof upon call of the President of the United States or of the Governor of the State of Oklahoma, together with such prior service, as would have been otherwise considered as service for retirement for length of service, shall be considered as service for length of service, provided that the member returns and files application for reinstatement as a member of the System within ninety (90) days after his release, or opportunity for release, from such Armed Forces or component thereof. If such member shall have been refunded any portion of his membership contributions as provided in Section 2-308 of this title, he shall be required to reimburse the Fund with the same amount at the time of his application for reinstatement in the System, before the reinstated member is given credit for accrued prior service. Provided, that in no event shall a member of the System who has entered such Armed Forces or component thereof prior to retirement be or become eligible for retirement for length of service unless he shall thereafter have been reinstated as a member of the System as provided for herein, and thereafter remained a member for at least one (1) year after such reinstatement.

(d) Time spent on involuntary furlough by members pursuant to the rules of the Office of Personnel Management shall be credited.

(e) Notwithstanding any provisions herein to the contrary, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code of 1986, as amended, which is in accordance with the Uniformed Service Employment and Reemployment Rights Act of 1994, as amended (USERRA). The employer's

contributions to the System for a member covered by USERRA are due when such a member makes up his or her contributions that were missed due to his or her qualified military service.
