22           1. Investment in qualified depreciable property with a total  
23 cost equal to or greater than Forty Million Dollars (\$40,000,000.00)

10 in service by the business entity within the state equals or exceeds  
11 Forty Million Dollars (\$40,000,000.00) within three (3) years from  
12 the date of initial qualifying expenditure.

13       C. The business entity may claim the credit authorized by  
14 subsection B of this section for expenditures incurred or for a net  
15 increase in the number of full-time-equivalent employees after the  
16 business entity provides proof satisfactory to the Oklahoma Tax  
17 Commission that the conditions imposed pursuant to paragraph 1 or  
18 paragraph 2 of subsection B of this section have been satisfied.

19       D. If a business entity fails to expend the amount required by  
20 paragraph 1 or paragraph 2 of subsection B of this section within  
21 the time required, the business entity may not claim the credit  
22 authorized by subsection B of this section but shall be allowed to  
23 claim a credit pursuant to subsection A of this section if the  
24 requirements of subsection A of this section are met with respect to

1 the investment in qualified depreciable property or net increase in  
2 the number of full-time-equivalent employees.

3 E. The credit provided for in subsection A of this section, if  
4 based upon investment in qualified depreciable property, shall not  
5 be allowed unless the investment in qualified depreciable property  
6 is at least ~~Fifty Thousand Dollars (\$50,000.00)~~ One Hundred Fifty

10 number of full-time-equivalent employees. Qualified property shall  
11 be limited to machinery, fixtures, equipment, buildings or  
12 substantial improvements thereto, placed in service in this state  
13 during the taxable year. The taxable years for which the credit may  
14 be allowed if based upon investment in qualified depreciable  
15 property shall be measured from the year in which the qualified  
16 property is placed in service. If the credit provided for in  
17 subsection A or B of this section is calculated on the basis of the  
18 cost of the qualified property, the credit shall be allowed in each  
19 of the four (4) subsequent years. If the qualified property on  
20 which a credit has previously been allowed is acquired from a  
21 related party, the date such property is placed in service by the  
22 transferor shall be considered to be the date such property is  
23 placed in service by the transferee, for purposes of determining the  
24 aggregate number of years for which credit may be allowed.

1 F. 1. The credit provided for in subsection A or B of this  
2 section, if based upon an increase in the number of full-time-  
3 equivalent employees, shall be allowed in each of the four (4)  
4 subsequent years only if the level of new employees is maintained in  
5 the subsequent year. In calculating the credit by the number of new  
6 employees, only those employees whose paid wages or salary ~~were at~~  
7 ~~least Seven Thousand Dollars (\$7,000.00)~~ meet the minimum salary  
8 requirements of paragraph 2 of this subsection during each year the  
9 credit is claimed shall be included in the calculation. Provided,  
10 that the first year a credit is claimed for a new employee, such  
11 employee may be included in the calculation notwithstanding paid  
12 wages ~~of less than Seven Thousand Dollars (\$7,000.00)~~ which do not  
13 meet the minimum requirements if the employee was hired in the last  
14 three quarters of the tax year, has wages or salary which will  
15 result in annual paid wages in excess of ~~Seven Thousand Dollars~~  
16 ~~(\$7,000.00)~~ the minimum salary requirements and the taxpayer submits  
17 an affidavit stating that the employee's position will be retained  
18 in the following tax year and will result in the payment of wages in  
19 excess of ~~Seven Thousand Dollars (\$7,000.00)~~ the minimum salary  
20 requirements.

21 2. For an employee used in the calculation of the credit  
22 provided for in this section, if the employee is hired before the  
23 effective date of this act, a minimum salary requirement in excess  
24 of annual paid wages of Seven Thousand Dollars (\$7,000.00) shall

1 apply. For an employee hired after the effective date of this act,  
2 the employee may be used in the calculation of the credit provided  
3 for in this section only if the employee's average annualized wage  
4 equals or exceeds:

5 a. one hundred ten percent (110%) of the average county  
6 wage as determined by the Department of Commerce based  
7 on the most recent U.S. Department of Commerce data  
8 for the county in which the new job is located. For  
9 purposes of this paragraph, health care premiums paid  
10 by the employer for an employee shall be included in  
11 the annualized wage, or

12 b. one hundred percent (100%) of the average county wage  
13 as that percentage is determined by the Department of  
14 Commerce based upon the most recent U.S. Department of  
15 Commerce data for the county in which the new job is  
16 located. For purposes of this paragraph, health care  
17 premiums paid by the employer for an employee shall  
18 not be included in the annualized wage.

19 Provided, no average wage requirement shall exceed Twenty-five  
20 Thousand Dollars (\$25,000.00), in any county. This maximum wage  
21 threshold shall be indexed and modified from time to time based on  
22 the latest Consumer Price Index year-to-date percent change release  
23 as of the date of the annual average county wage data release from  
24 the Bureau of Economic Analysis of the U.S. Department of Commerce.

1        3. The number of new employees shall be determined by comparing  
2 the monthly average number of full-time employees subject to  
3 Oklahoma income tax withholding for the final quarter of the taxable  
4 year with the corresponding period of the prior taxable year, as  
5 substantiated by such reports as may be required by the Tax  
6 Commission.

7        G. The credit allowed by subsection A of this section shall be  
8 the greater amount of either:

9        1. One percent (1%) of the cost of the qualified property in  
10 the year the property is placed in service; or

11        2. Five Hundred Dollars (\$500.00) for each new employee. No  
12 credit shall be allowed in any taxable year for a net increase in  
13 the number of full-time-equivalent employees if such increase is a  
14 result of an investment in qualified depreciable property for which  
15 an income tax credit has been allowed as authorized by this section.

16        H. The credit allowed by subsection B of this section shall be  
17 the greater amount of either:

18        1. Two percent (2%) of the cost of the qualified property in  
19 the year the property is placed in service; or

20        2. One Thousand Dollars (\$1,000.00) for each new employee.

21        No credit shall be allowed in any taxable year for a net  
22 increase in the number of full-time-equivalent employees if such  
23 increase is a result of an investment in qualified depreciable  
24

1 property for which an income tax credit has been allowed as  
2 authorized by this section.

3 I. Except as provided by subsection G of Section 3658 of this  
4 title, any credits allowed but not used in any taxable year may be

16 credits under subsection A of this section  
17 subsequently changes its operating status to that of a  
18 pass-through entity which is being treated as the same  
19 entity for federal tax purposes, the credits will  
20 continue to be available as if the pass-through entity  
21 had originally qualified for the credits subject to  
22 the limitations of this section~~+~~1

10                   taxable year shall be limited to the percentage  
11                   calculated by the Tax Commission pursuant to the  
12                   provisions of subsection L of this section; and

13    2. a.    For credits based on investment in qualified  
14                    depreciable property occurring on or after February 1,

16                    section or paragraph 1 of subsection B of this  
17                    section, to each of the five (5) years following the  
18                    year of qualification, and

1 J. No credit otherwise authorized by the provisions of this  
2 section may be claimed for any event, transaction, investment,  
3 expenditure or other act occurring on or after July 1, 2010, for  
4 which the credit would otherwise be allowable until the provisions  
5 of this subsection shall cease to be operative on July 1, 2012.  
6 Beginning July 1, 2012, the credit authorized by this section may be  
7 claimed for any event, transaction, investment, expenditure or other  
8 act occurring on or after July 1, 2010, according to the provisions  
9 of this section; provided, credits accrued during the period from  
10 July 1, 2010, through June 30, 2012, shall be limited to a period of  
11 two (2) taxable years. The credit shall be limited in each taxable  
12 year to fifty percent (50%) of the total amount of the accrued  
13 credit. Any tax credits which accrue during the period of July 1,  
14 2010, through June 30, 2012, may not be claimed for any period prior  
15 to the taxable year beginning January 1, 2012. No credits which  
16 accrue during the period of July 1, 2010, through June 30, 2012, may  
17 be used to file an amended tax return for any taxable year prior to  
18 the taxable year beginning January 1, 2012.

19 K. Beginning January 1, 2017, except with respect to tax  
20 credits allowed from investment or job creation occurring prior to  
21 January 1, 2017, the credits authorized by this section shall not be

3 authorized by this section used to offset tax shall be adjusted  
4 annually to limit the annual amount of credits to Twenty-five  
5 Million Dollars (\$25,000,000.00). The Tax Commission shall annually  
6 calculate and publish a percentage by which the credits authorized  
7 by this section shall be reduced so the total amount of credits used  
8 to offset tax does not exceed Twenty-five Million Dollars  
9 (\$25,000,000.00) per year. The formula to be used for the  
10 percentage adjustment shall be Twenty-five Million Dollars  
11 (\$25,000,000.00) divided by the credits used to offset tax in the  
12 second preceding year.

13 M. Pursuant to subsection L of this section, in the event the  
14 total tax credits authorized by this section exceed Twenty-five  
15 Million Dollars (\$25,000,000.00) in any calendar year, the Tax  
16 Commission shall permit any excess over Twenty-five Million Dollars  
17 (\$25,000,000.00) but shall factor such excess into the percentage  
18 adjustment formula for subsequent years.
