12 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

13 SECTION 1. NEW LAW A new section of law to be codified
14 in the Oklahoma Statutes as Section 4020 of Title 69, unless there
15 is created a duplication in numbering, reads as follows:

16 A. As used in this section:

17 1. "Advanced transportation" means any new mode, form or type
18 of transportation as identified by the United States Secretary of
19 Transportation or the Administrator of the National Aeronautics and
20 Space Administration (NASA) including transportation based on both
21 manned and unmanned technologies. This definition shall also
22 include those types of transportation based on autonomous systems;

23 2. "Pilot program" means any program created by the United
24 States Secretary of Transportation or Administrator of NASA to

1 demonstrate, test or evaluate advanced transportation technologies
2 within the State of Oklahoma. This section shall only apply to
3 those pilot programs that require and include active local community
4 stakeholder involvement as part of national transportation
5 policymaking. The stakeholder involvement shall include efforts to
6 address privacy, noise, safety or related societal concerns about
7 the technology;

8 3. "Lead Oklahoma entity" means any city, town or county
9 government in the State of Oklahoma that is recognized as a
10 subdivision of the state, and that has been selected by the United
11 States Secretary of Transportation, by the NASA Administrator or by
12 both the United States Secretary of Transportation and the NASA
13 Administrator as the primary public entity in advanced
14 transportation pilot programs. The term shall also include any
15 federally recognized Native American tribal governments selected as
16 lead public entity for advanced transportation pilot programs, and
17 that have their primary headquarters within the State of Oklahoma;

18 4. "Lead entity investment" means either a direct monetary
19 investment in advanced infrastructure to support the advanced
20 transportation projects, or other in-kind investments of labor or
21 other similar resources;

22 5. "Infrastructure" shall include traditional definitions of
23 infrastructure such as roads, highways, electrical transmission
24 facilities, as well as advanced communications systems, software

1 systems to manage advanced transportation systems and traffic, and
2 safety equipment to support the operation of advanced transportation
3 systems; and

4 6. "Qualifying lead entity investment" means any expenditure
5 either directly by the lead public entity or by other entities,
6 including industry partners, that make investments on behalf of the
7 lead public entity. Qualifying investments and expenditures shall
8 include those made no more than two (2) years prior to selection
9 under the provisions of this law.

10 B. No later than January 1 of each calendar year after November
11 1, 2019, and subject to availability of funding as appropriated by
12 the Oklahoma Legislature, the Oklahoma Department of Transportation
13 shall select one active eligible and active advanced transportation
14 pilot program within the State of Oklahoma to receive a direct one-
15 to-one match for qualified lead entity investments that are part of
16 an advanced transportation pilot program. The selected lead
17 Oklahoma entity shall use the matching funds to promote and advance
18 the goals of the pilot program.

19 SECTION 2. This act shall become effective November 1, 2019.
