Research Analysis

HB1058, as introduced, removes the requirement that the Oklahoma Employees Insurance and Benefits Board contract with and offer HMO plans. The board would instead contract with one or more third-party vendors to offer alternative medical plans, which may or may not include HMOs. The measure further requires that the board ensure all premiums are paid to vendors within 60 days of receipt of the bill, removes the ability of part-time education employees to enroll at a later date from enrollment period, and removes the requirement that third-party vendors provide a risk adjustment factor for adverse selection. The measure repeals the requirement that the board provide a list of geographic service areas and zip codes to members.
