Research Analysis

Floor amendment 1 for HB1426 modifies the definition of *participating municipality*, as it relates to the Oklahoma Firefighter Pension and Retirement System (OFPRS), to include any fire department, within Oklahoma, of an Oklahoma based federally recognized Native American tribe which is making contribution to the system on behalf of its firefighters. The amendment also delete proposed language that would have required OFPRS to perform an actuarial analysis of the normal cost of providing benefits to tribal members compared to the other members of the system on annual as needed basis.
