

BILL SUMMARY
1st Session of the 57th Legislature

Bill No.:	HB 2142
Version:	Committee Substitute
Request Number:	
Author:	Rep. Sneed
Date:	2/28/2019
Impact:	\$0

Research Analysis

HB 2142 creates the Tri-State Commission on the McClellan-Kerr Arkansas River Navigation System, in anticipation of being joined in the commission by Arkansas and Kansas. The commission would consist of three House members and three Senate members whose legislative districts encompass part of the territory in which the river navigation system is located, as well as one member of the Water Advisory Board of the Oklahoma Department of Transportation, to be selected by the Governor.

Prepared By: Sean Webster

Fiscal Analysis

HB 2142 in its current form identifies Oklahoma's membership for a certain Tri-State Commission. The measure does not provide for travel reimbursement for such members; therefore, HB 2142 in its current form has no direct impact on the appointing agencies.
