Research Analysis

The CS to HB 2587 creates the Nondiscrimination in Health Care Coverage Act. The measure prohibits any state agency from developing an adjusted life year calculation for individuals with a disability in order to determine their health care coverage. Further, state agencies must post for public comment any proposed utilization management measure, including potential impact on subpopulations. State agencies are required to consult with organizations advocating for individuals with disabilities and older adults before implementing health coverage changes. Lastly, state agencies must submit an annual report to the Legislature outlining beneficiary access to service with specific emphasis on individuals with disabilities and older adults.
