

BILL SUMMARY
1st Session of the 57th Legislature

Bill No.:	SB 1030
Version:	CS
Request Number:	8794
Author:	Rep. Bush
Date:	4/25/2019
Impact:	Health Department: No Additional Impact to the Agency Not Already Identified in HB 2612

Research Analysis

The committee substitute for SB1030 allows a landlord or school to refuse to lease to, or enroll, a person based on the person's status as a medical marijuana license holder if enrolling or leasing to the license holder has the potential to cause the landlord to lose a monetary or licensing-related benefit under federal law or regulations.

The measure clarifies that no city or local municipality may unduly change their zoning laws to prevent marijuana establishments from operating within municipal boundaries as a matter of law. However, municipalities may follow their standard planning and zoning procedures to determine if certain zones or districts would be appropriate for locating marijuana-licensed businesses.

The committee substitute also deletes language allowing the Medical Marijuana Authority to grant a conditional business license in the event an applicant has fulfilled all obligations but not received the necessary permits from a municipality.

The measure requires medical marijuana license revocation hearings to be recorded. A party may request a copy of the recording of the proceedings and copies of the proceedings shall be forwarded to law enforcement if the revocation was based on criminal activity. The State Department of Health is directed to forward all information displayed on medical marijuana licenses to law enforcement via the Oklahoma Law Enforcement Telecommunications System. The Department must make available a list showing the location of licensed entities to the public.

Lastly, the measure authorizes any court in the state to access the medical marijuana use registry.

Prepared By: Emily Wendler

Fiscal Analysis

Officials with the State Department of Health indicate the provisions of the measure include no revenue or fiscal impacts to the medical marijuana program not already identified in the Unity Bill, HB 2612.

Prepared By: Mark Tygret

Other Considerations

None.
