

BILL SUMMARY
1st Session of the 57th Legislature

Bill No.:	SB 217
Version:	SUBREC
Request Number:	
Author:	Rep. Nollan
Date:	4/3/2019
Impact:	No additional State impact

Research Analysis

The subcommittee recommendation to SB217 adds language requiring the pilot program created in the measure to end no later than July 1, 2024.

Prepared By: Emily Wendler

Fiscal Analysis

The measure in its current form allows school districts across the state of Oklahoma to participate in a pilot program to enhance the learning of alternatively certified teachers. A similar program in the Tulsa Public Schools system is currently funded with a grant from the United States Department of Education.

While this program is not expected to cost the taxpayers of Oklahoma any additional State appropriated dollars, it may result in some added costs to those school districts that choose to participate in such a program.
