Research Analysis

SB 333 requires the individual making a health care decision on behalf of an unconscious or incompetent patient to sign a statement certifying that he or she has not been found to have abused, neglected or exploited a vulnerable adult, or been charged with a crime resulting in the death or near death of a vulnerable adult. The statement must be entered into the patient's medical record and no health care provider can be held liable for acting in good faith regarding the health care decision made for the patient.
