**Fiscal Analysis**

Per the Oklahoma Management and Enterprise Services, EGID department, Floor Amendment Two (2) amends the new Section four (4) on page six (6) to allow financial incentives for members to use lower cost pharmacy providers. There is no fiscal impact associated with this section currently, but the amendment does allow HealthChoice to retain the ability to incentivize members to utilize lower cost pharmacy providers, just as HealthChoice currently does under the HealthChoice Select program currently in place for certain medical procedures.
