

Bill Summary
1st Session of the 57th Legislature

Bill No.:	HB 2625
Version:	CS
Request No.:	2145
Author:	Sen. David
Date:	04/02/2019

Committee Substitute (CS)

The CS for HB 2625 deletes references to Oklahoma Commission for Teacher Preparation, an obsolete commission, and replaces it with the Commission for Educational Quality and Accountability as it relates to principal and superintendent certification. The measure also strikes the requirement for persons participating in alternative certification programs to be subject to the program requirements already in effect. The measure also clarifies that the State Board of Education may issue an emergency or provisional certificate to a school principal or superintendent of schools for any district.
