Bill No.:	SB 1307
Version:	CS
Request No.:	2805
Author:	Sen. Pemberton

Committee Substitute (CS)

The CS for SB 1307 strikes language authorizing a public school district to combine the Healthy and Fit School Advisory Committee with its Safe School Committee. The CS also adds to the membership of the Safe School Committee one person who is not employed by the school district. The measure requires each public school site to publish information about the Safe School Committee, including meeting times and dates, and to require the committee to meet at least once each semester. The CS requires the State Board of Education to adopt rules to monitor compliance with the provisions regarding the Safe School Committee. It allows the State Board of Education to report a school as deficient on its accreditation report for noncompliance.
