Bill Analysis

SB 1668 modifies what is included and excluded in paid base salary within the Oklahoma Police Pension and Retirement System for the purpose of calculating retirement benefits. Beginning June 1, 2020, the measure requires the calculation to include longevity, education allowances, salary reductions to pay for contributions to insurance and retirement, whether voluntary or involuntary, services, and normal compensation paid on a regularly scheduled pay period. Such calculations shall not include overtime pay, severance, accumulated unused sick leave or annual leave, or bonuses.
