**Committee Substitute (CS)**

The CS for SB 206 clarifies that the superintendent of dependent or independent school districts must appoint a textbook committee. The CS allows the committee to request publishers for a sample of instructional materials as well as a teacher's copy of the textbook. The measure authorizes school districts to compensate members of the committee to cover the time and labor expended to serve on the textbook committee. The CS strikes language authorizing school districts to request for funding flexibility related to textbooks.
