Bill No.:	SB 616
Version:	FS1
Request No.:	2104
Author:	Sen. Jech

Floor Substitute (FS)

The FS for SB 616 requires the Pardon and Parole Board to state on the record the reason for a denial of parole. If the Board denies parole to a person convicted of an 85% crime, the Board must suggest remedial actions for the inmate in preparation for the next parole consideration. The FS prohibits a prisoner from waiving consideration for parole or a recommendation for parole and outlines instances when a person's parole may be wholly or partially revoked.
