

Bill Summary
1st Session of the 57th Legislature

Bill No.:	SB 668
Version:	INT
Request No.:	1666
Author:	Sen. Pugh
Date:	01/28/2019

Bill Analysis

SB 668 creates the Entrepreneurs-in-Residence Program (EIR) within the Office of Management and Enterprise Services (OMES). The Program is collaborative in nature and is designed to bring entrepreneurs and state employees together to streamline state operations. The Program is also designed to help persons in the state launch their own entrepreneurial ventures. OMES must select eleven agencies to implement the Program based on agency functions, experience, size, and ability to interact with the public. The Legislature may appropriate seed money to begin implementing the program.
