Bill Analysis

SB 831 prohibits the online database required under the Oklahoma Child Care Facilities Licensing Act from including the address of any family child care home licensed by the Department. The Department of Human Services may create a nonpublic online database that is only accessible for law enforcement purposes.

The measure requires the Department of Human Services to appoint an administrative judge to conduct a hearing within thirty days of receiving a protest from a licensee facing a suspension or revocation. The Department shall provide a hearing before an administrative judge within 72 hours of receiving a protest to an emergency order removing children from a facility.
