**Bill Analysis**

SB 936 creates a Charitable Collaboration Brewer License. The license authorizes a licensee to sell beer to beer distributors, qualified persons out of the state, serve limited and free samples of the charitable collaboration beer, consumers on the brewery premises, and purchase collaboration beer. The measure also authorizes charity collaboration beer licensees to utilize private labels or control labels for sale. Beers sold or sampled to individuals will be considered taxable. Sales and sampling may only occur between the hours of 10:00 a.m. and 2:00 a.m. along with other restrictions on consumption. Licensees who hold a brewery license may sell to retailers. Brewers must apply to the ABLE Commission for the license.

The measure allows the production of wort and non-retail packaged alcohol products necessary for the development to be transferred-in-bond without taxation between charitable collaborating breweries. Transfer-in-bond is the transfer of alcohol products between breweries without being subject to a tax. The Oklahoma Tax Commission must abate taxes upon notice and application and only until the charitable collaboration beer is packaged.

**House Amendments**

House Amendments to SB 936 removes language capping the number of brewers that may collaborate to sell a single charitable collaboration beer offering and restores the Title on the measure.
