Bill Analysis

SB 964 extends the timeline for a wind producer expanding, modifying, or constructing a facility to forward a copy of the notification submitted to the Oklahoma Corporation Commission to the Oklahoma Strategic Military Planning Commission from thirty days to ninety days after submitting notification to the Corporation Commission. The timeline is similarly extended for the owner of a wind facility to hold a public meeting. The owner must provide notice to oil and gas operators affected by the construction ninety days prior to beginning construction.

Fiscal Analysis

Impact: None

SB 964 lengthens multiple deadlines regarding the intent to construct a wind energy facility. The change of deadlines should not increase costs to the agency.
