Adopted: _____

Reading Clerk

If any public school or private school is established within one thousand (1,000) feet of any medical marijuana commercial grower after such medical marijuana commercial grower has been licensed, or if any public school or private school is established adjoining to or at the same physical address as any medical marijuana commercial grower after such medical marijuana commercial grower has been licensed, the provisions of this paragraph shall not be a deterrent to the renewal of such license or warrant revocation of the license. For purposes of this paragraph, a property owned, used, or operated by a public school or by a private school that is not used for classroom instruction on core curriculum, such as an administrative building, athletic facility, ballpark, field, or stadium, shall not constitute a public school or private school unless such property is located on the same campus as a building used for classroom instruction on core curriculum.
