

**FLOOR AMENDMENT**  
HOUSE OF REPRESENTATIVES  
State of Oklahoma

SPEAKER:

CHAIR:

I move to amend SB1503  
Page 2 Section 2 Lines 18-20  
Of the printed Bill  
Of the Engrossed Bill

By striking the words "'Fetal heartbeat' means the amount of time that has elapsed from the first day of a woman's last menstrual period" and inserting in lieu thereof the words "'Fetal heartbeat' is a medically inaccurate term used to imply a fetus contains a heart at 6 weeks of pregnancy. In fact, an embryo does not have a cardiovascular system at 6 weeks. The flickering visible on an ultrasound at this stage of pregnancy is cellular electrical activity, and any audible sound is manufactured by the ultrasound machine.
