4 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

5 SECTION 1. NEW LAW A new section of law to be codified  
6 in the Oklahoma Statutes as Section 9070 of Title 74, unless there  
7 is created a duplication in numbering, reads as follows:

8 This act shall be known and may be cited as the "February 2021  
9 Regulated Utility Consumer Protection Act".

10 SECTION 2. NEW LAW A new section of law to be codified  
11 in the Oklahoma Statutes as Section 9071 of Title 74, unless there  
12 is created a duplication in numbering, reads as follows:

13 The Legislature recognizes the significant economic impact of  
14 the extreme weather event that occurred during the month of February  
15 2021. In the wake of this weather event, unprecedented utility  
16 costs will be passed through to Oklahoma customers of utilities from  
17 regulated utility entities. The purpose of this act is to provide  
18 for the issuance of ratepayer-backed bonds to these entities and  
19 thereby allow customers to pay their utility bills at a lower amount  
20 and over a longer period.

21 SECTION 3. NEW LAW A new section of law to be codified  
22 in the Oklahoma Statutes as Section 9072 of Title 74, unless there  
23 is created a duplication in numbering, reads as follows:

24 As used in this act:

1        1. "Authority" shall mean the Oklahoma Development Finance  
2 Authority pursuant to Section 5062.1 et seq. of Title 74 of the  
3 Oklahoma Statutes;

4        2. "Commission" shall mean the Oklahoma Corporation Commission;

5        3. "Extraordinary costs" shall mean costs incurred by a  
6 regulated utility related to the extreme weather that occurred  
7 beginning February 7, 2021, and ending February 21, 2021, including  
8 but not limited to fuel-related storage and associated costs,  
9 emergency compressed or liquified natural gas supplies, contracts  
10 for services providing additional pressurization on lines and  
11 transportation pipeline penalties. Extraordinary costs shall not  
12 include extreme purchase costs, as defined in this section;

13        4. "Financing order" shall mean an order issued by the Oklahoma  
14 Corporation Commission that authorizes securitization of qualified  
15 costs and the creation of an irrevocable and nonbypassable mechanism  
16 for utility customer payments to the regulated utility, its  
17 successors, assignees or collection agents, of amounts necessary for  
18 service and repayment of ratepayer-backed bonds, subject to true-up  
19 and reconciliation;

20        5. "Nonbypassable mechanism" shall mean that the payment of the  
21 utility customer charges under this act shall not be modified or  
22 avoided by any utility customer at an address located within a  
23 utility service area by switching providers, switching fuel sources  
24 or materially changing usage, and shall be paid by the customer for

1 as long as bonds issued pursuant to Section 8 of this act remain  
2 outstanding;

3 6. "Extreme purchase costs" shall mean expenses incurred for  
4 the purchase of fuel, purchased power, natural gas commodity or any  
5 combination thereof, whether at spot pricing, index pricing or  
6 otherwise with delivery beginning February 7, 2021, and ending  
7 February 21, 2021;

8 7. "Qualified costs" shall mean the extreme purchase costs and  
9 extraordinary costs, as calculated and set out in a financing order  
10 of the Oklahoma Corporation Commission, less any insurance proceeds,  
11 governmental grants or other funding sources, as well as any costs  
12 of managing ratepayer-backed bonds;

13 8. "Ratepayer-backed bonds" shall mean bonds issued pursuant to  
14 Section 8 of this act with service and repayment supported by  
15 utility customer charges consistent with this act;

16 9. "Regulated utility" shall mean any utility, as defined in  
17 this act, which is subject to the regulatory jurisdiction of the  
18 Oklahoma Corporation Commission with respect to its rates, charges  
19 and terms and conditions of service;

20 10. "Securitization" shall mean a financial tool creating a  
21 property right to revenues collected by a regulated utility from  
22 customers pursuant to an irrevocable and nonbypassable mechanism,  
23 which is then sold and used as security for repayment of an issuance  
24 of a ratepayer-backed bond;

1 11. "Securitization property" shall mean the right to receive  
2 revenues collected by a regulated utility from customers pursuant to  
3 an irrevocable and nonbypassable mechanism included in a financing  
4 order;

5 12. "True-up and reconciliation" shall mean the comparison of  
6 actual revenues received from customers with the revenues estimated  
7 to be received during a period determined by the Oklahoma  
8 Corporation Commission including any steps to carry forward the  
9 difference to a future collection period, as necessary to ensure the  
10 timely payment of ratepayer-backed bonds; and

11 13. "Utility" shall mean any person or entity doing business in  
12 this state that furnishes natural gas or electric current to its  
13 customers located at an address within this state and within the  
14 service area of the utility.

15 SECTION 4. NEW LAW A new section of law to be codified  
16 in the Oklahoma Statutes as Section 9073 of Title 74, unless there  
17 is created a duplication in numbering, reads as follows:

18 A. The Oklahoma Corporation Commission may determine upon  
19 receiving an application or in any proceeding where the issue is  
20 properly brought before it that extreme purchase costs,  
21 extraordinary costs or both, requested for recovery by a regulated  
22 utility are subject to this act and may be mitigated through  
23 securitization in order to reduce the utility bill impact on  
24

1 customers. For the purposes set forth in this section, the utility  
2 shall:

3 1. Provide the known extreme purchase and extraordinary costs,  
4 and estimates of any extreme purchase or extraordinary costs not yet  
5 finalized that are being requested for recovery through  
6 securitization;

7 2. Demonstrate the utility bill impacts of securitization and  
8 the degree of savings customers would experience related to issuing  
9 ratepayer-backed bonds in comparison with traditional utility  
10 financing; and

11 3. Facilitate a timely audit of all costs requested for  
12 recovery prior to the utility being authorized to recover costs  
13 through the issuance of a financing order.

14 B. The Commission may develop forms and procedures to receive  
15 and review applications for the establishment of qualified costs;  
16 provided, the application shall require but not be limited to the  
17 amount of extreme purchase costs and extraordinary costs requested  
18 for recovery and any other information or documentation required by  
19 the Commission to effectuate this act.

20 C. The Commission shall consider the following factors when  
21 determining whether extreme purchase costs or extraordinary costs  
22 should be mitigated by the issuance of ratepayer-backed bonds:

23 1. Substantial revenue requirement savings that may be incurred  
24 to the benefit of customers by relying on lower carrying charges

1 related to ratepayer-backed bonds rather than by conventional  
2 financing obtained by the regulated utility;

3 2. Customer utility bill impact that may be mitigated by  
4 mandating a longer amortization period for recovery than would  
5 otherwise be practicable or feasible for the regulated utility; and

6 3. The issuance of ratepayer-backed bonds that may be completed  
7 at a sufficiently low cost such that customer savings are not  
8 exhausted or offset.

9 D. 1. The Commission may engage financial advisors or other  
10 consultants as may be necessary to assist in the evaluation required  
11 pursuant to subsection C of this section. Expenses incurred for  
12 those purposes shall be recoverable as administrative expenses of  
13 the Oklahoma Development Finance Authority through the issuance of  
14 ratepayer-backed bonds pursuant to Section 8 of this act.

15 2. The provisions of the Oklahoma Central Purchasing Act,  
16 Section 85.1 et seq. of Title 74 of the Oklahoma Statutes, shall not  
17 be applicable to the engagement authorized by paragraph 1 of this  
18 subsection but shall be subject to review by the Deputy Treasurer  
19 for Policy and Debt Management.

20 E. In determining the amount of extreme purchase costs and  
21 extraordinary costs to be mitigated through securitization, the  
22 Commission shall determine that the amounts incurred would otherwise  
23 be recoverable from customers as fair, just and reasonable expenses  
24 and prudently incurred.

1 F. Extreme purchase costs and extraordinary costs determined by  
2 the Commission to be subject to this act and to be mitigated by  
3 issuing ratepayer-backed bonds shall include carrying costs at an  
4 appropriate rate determined by the Commission as set forth in a  
5 financing order. The carrying costs shall begin accruing at a time  
6 determined by the Commission in the financing order and continue  
7 until the date that ratepayer-backed bonds are issued, or the costs  
8 are otherwise recovered.

9 G. To the extent the regulated utility receives insurance  
10 proceeds, governmental grants or any other source of funding that  
11 compensates it for extreme purchase costs or extraordinary costs  
12 subject to securitization, or if actual amounts are determined to be  
13 lower than estimated amounts, those amounts shall be used to reduce  
14 the extreme purchase costs or extraordinary costs of the utility  
15 recoverable from customers. The Commission shall direct whether the  
16 funds shall be provided directly to the Authority to offset amounts  
17 securitized or whether they shall be held as a separate regulatory  
18 liability offsetting rate base or returned to customers through some  
19 other appropriate regulatory mechanism. The amounts so received  
20 shall accrue carrying charges at a rate equivalent to the rate  
21 determined pursuant to subsection F of this section if they are  
22 received before ratepayer-backed bonds are issued. If received  
23 after the issuance of ratepayer-backed bonds, the amounts shall  
24 accrue carrying charges at a rate determined by the Commission.

1           SECTION 5.           NEW LAW           A new section of law to be codified  
2 in the Oklahoma Statutes as Section 9074 of Title 74, unless there  
3 is created a duplication in numbering, reads as follows:

4           A. Upon the determination that a regulated utility has extreme  
5 purchase costs, extraordinary costs or both that are subject to this  
6 act and may be mitigated by issuing ratepayer-backed bonds, the  
7 Oklahoma Corporation Commission shall make necessary findings and  
8 conclusions to result in a financing order under this act, either in  
9 the same order or through a continued or separate proceeding. The  
10 financing order shall include, but not be limited to, the following:

11           1. The quantified amount of extreme purchase costs and  
12 extraordinary costs to be recovered using a financial instrument;

13           2. The maturity or range of maturities of bonds authorized to  
14 be issued, and a corresponding amortization period of customer  
15 charges, subject to reasonable provisions for true-up and  
16 reconciliation, with any authorized maturity not to exceed thirty  
17 (30) years;

18           3. The creation of an irrevocable and nonbypassable mechanism  
19 under which the regulated utility will recover from customers an  
20 amount necessary to service, repay and administer the ratepayer-  
21 backed bonds. A customer's monthly billing charges collected  
22 pursuant to the nonbypassable mechanism established under a  
23 financing order shall be based upon the then-current monthly billing  
24 of the customer and shall be a separate line-item on the monthly

1 bill of the customer. The nonbypassable mechanism shall include  
2 procedures for receiving accounting information from the Oklahoma  
3 Development Finance Authority and calculating factors to be applied  
4 to customer bills. The mechanism shall remain in effect until the  
5 complete repayment and retirement of any ratepayer-backed bonds, or  
6 refunding bonds, authorized under the financing order;

7 4. The frequency of true-up and reconciliation of the customer  
8 repayment revenues collected through the nonbypassable mechanism,  
9 whether on a monthly, quarterly or semiannual basis;

10 5. The method by which the customer repayment charges will be  
11 allocated among the various customer classes; and

12 6. The requirement that all funds received under the  
13 irrevocable and nonbypassable mechanism be provided immediately to  
14 the holder of securitization property pursuant to Section 6 of this  
15 act for the purpose of repaying, servicing and administering the  
16 ratepayer-backed bonds authorized by the financing order.

17 B. Prior to issuing a financing order, the Commission shall  
18 consult with the Deputy Treasurer for Policy and Debt Management  
19 regarding the marketability and efficiency of any proposed financing  
20 authorized by a financing order.

21 C. The Commission shall issue an order no later than one  
22 hundred eighty (180) days from the date the Commission receives all  
23 necessary information and documentation pursuant to Section 4 of  
24 this act.

1 D. On the same date a financing order is issued, a copy of the  
2 order shall be delivered to the Governor, the President Pro Tempore  
3 of the Senate, the Speaker of the House of Representatives and the  
4 Oklahoma Development Finance Authority.

5 E. A financing order shall be effective immediately upon  
6 issuance.

7 F. A financing order shall not be subject to any form of  
8 rehearing after thirty (30) days from the issuance of the order,  
9 subject to appeals pursuant to Section 20 of Article IX of the  
10 Oklahoma Constitution.

11 G. Upon entering a financing order under this act, a regulated  
12 utility shall not recover the extreme purchase costs and  
13 extraordinary costs identified and quantified in the financing order  
14 from customers except through the transfer of securitization  
15 property as provided in Section 6 of this act in exchange for the  
16 proceeds of a bond issuance, which shall offset and complete the  
17 recovery of extreme purchase costs and extraordinary costs for the  
18 regulated utility.

19 H. Upon the issuance of any financing order pursuant to this  
20 section, the periodic determination of factors for customer  
21 collection with true-up and reconciliation authorized by the  
22 financing order shall not be removed, adjusted or interrupted by any  
23 other regulatory determination of the Commission except where  
24 adjustments are warranted as a result of an audit of amounts

1 actually collected from customers and provided to the Authority or  
2 where insurance proceeds, government grants or other funding sources  
3 offset or reduce the amount of extreme purchase costs and  
4 extraordinary costs to be recovered from customers. No adjustments  
5 shall in any manner impair or prevent the collection of sufficient  
6 revenues to service and repay ratepayer-backed bonds.

7 I. No ratepayer-backed bonds authorized in a financing order,  
8 except for refunding obligations authorized under subsection D of  
9 Section 8 of this act, may be issued more than twenty-four (24)  
10 months after issuance of the financing order pursuant to this  
11 section.

12 SECTION 6. NEW LAW A new section of law to be codified  
13 in the Oklahoma Statutes as Section 9075 of Title 74, unless there  
14 is created a duplication in numbering, reads as follows:

15 A. The rights and interests to receive revenues collected by a  
16 regulated utility through the irrevocable and nonbypassable  
17 mechanism created pursuant to a financing order shall become a  
18 securitization property right at the time the ratepayer-backed bond  
19 is issued pursuant to a financing order.

20 B. The securitization property right under a financing order  
21 shall constitute a present property right for purposes of contracts  
22 concerning the sale or pledge of property, even though the  
23 imposition and collection of the relevant charges depend on future  
24 acts of the regulated utility, the Oklahoma Corporation Commission

1 and acts of others. The financing order shall remain in effect, and  
2 the property interest shall continue to exist for the same period as  
3 the maturity, with reasonable true-up and reconciliation periods set  
4 out in the financing order.

5 C. All revenues and collections received through the  
6 irrevocable and nonbypassable mechanism created pursuant to a  
7 financing order shall be the further property and right of the owner  
8 of the securitization property.

9 D. The rights of the securitization property owner are not  
10 subject to setoff, counterclaim, surcharge or defense by the  
11 regulated utility or any other person, creditor or otherwise, in any  
12 bankruptcy or debt collection proceeding of the regulated utility or  
13 any other entity. A financing order shall remain in effect and  
14 unabated notwithstanding the bankruptcy or sale of the regulated  
15 utility, its successors or assignees.

16 E. A valid and enforceable lien and security interest in  
17 securitization property may be created by a financing order and the  
18 execution and delivery of a security agreement with the Oklahoma  
19 Development Finance Authority in connection with the issuance of  
20 ratepayer-backed bonds. The lien and security interest shall attach  
21 automatically from the time the value is received by the Authority  
22 for the bonds and transferred to the regulated utility in exchange  
23 for securitization property and, on perfection through the filing of  
24 notice with the Oklahoma Secretary of State, shall be a continuously

1 perfected lien and security interest in the securitization property  
2 and all proceeds from the property shall have priority in the order  
3 of filing and take precedence over any subsequent judicial or other  
4 lien creditor.

5 F. Any sale, assignment or transfer of the securitization  
6 property to the Authority that expressly states that a transfer is a  
7 sale or other absolute transfer signifies that the transaction is a  
8 true sale and is not a secured transaction and that title, legal and  
9 equitable, has passed to the Authority.

10 G. Transfer of an interest in securitization property to an  
11 assignee shall be perfected against all third parties including  
12 subsequent judicial or other lien creditors when the financing order  
13 becomes effective, transfer documents have been delivered to the  
14 assignee and a notice of that transfer has been filed with the  
15 Oklahoma Secretary of State.

16 H. The priority of a lien and security interest perfected under  
17 this section is not impaired by any later modification of the  
18 financing order or by the commingling of funds with other revenues  
19 paid by customers to the regulated utility, by utilities to the  
20 Authority or otherwise paid. If securitization property has been  
21 transferred to an assignee, any revenues related to that property  
22 shall be held in trust for the assignee.

23 I. If a default or termination occurs under the ratepayer-  
24 backed bonds, holders of the bonds or their representatives may

1 foreclose on or otherwise enforce their lien and security interest  
2 in any securitization property, and the Commission may require any  
3 revenues received under the irrevocable and nonbypassable mechanism  
4 created by a financing order be paid to a new holder of the  
5 securitization property.

6 SECTION 7. NEW LAW A new section of law to be codified  
7 in the Oklahoma Statutes as Section 9076 of Title 74, unless there  
8 is created a duplication in numbering, reads as follows:

9 A. In addition to all other powers expressly conferred upon the  
10 Oklahoma Development Finance Authority pursuant to Section 5062.8 of  
11 Title 74 of the Oklahoma Statutes, the Authority is hereby authorized  
12 and empowered to take the following actions:

- 13 1. To issue ratepayer-backed bonds as provided in this act;
- 14 2. To establish and adjust from time to time the actual cost of  
15 an administrative fee for the costs associated with the Authority  
16 carrying out its power and duties under this act, to include costs  
17 of the Corporation Commission incurred under Section 4 of this act.  
18 The fee shall be included in the calculation of utility customer  
19 payments created by the financing order; and
- 20 3. To do all things necessary or convenient to carry out the  
21 powers expressly granted in this act.

22 B. The Authority shall take the following actions:

- 23 1. To notify the Governor, President Pro Tempore of the Senate,  
24 the Speaker of the House of Representatives and the Oklahoma

1 Corporation Commission upon issuance of a ratepayer-backed bond.  
2 The notification shall be in writing and include the amount and  
3 terms of the bond; and

4 2. To prepare a report annually regarding the bond activity  
5 related to the provisions of this act, to be submitted to the  
6 Governor, the President Pro Tempore of the Senate, the Speaker of  
7 the House of Representatives, the Attorney General and the Oklahoma  
8 Corporation Commission as of December 1 each year until the debt is  
9 retired.

10 SECTION 8. NEW LAW A new section of law to be codified  
11 in the Oklahoma Statutes as Section 9077 of Title 74, unless there  
12 is created a duplication in numbering, reads as follows:

13 A. The Oklahoma Development Finance Authority is hereby  
14 authorized to enter into agreements to receive securitization  
15 property as described in Section 6 of this act from a regulated  
16 utility and, in exchange, to provide the proceeds of a bond issuance  
17 described in this section to the regulated utility. The revenues  
18 received from the securitization property shall be used to service  
19 and repay the bonds issued under this section, and the Authority may  
20 pledge the securitization property as a security interest for the  
21 bonds. The Authority shall conduct any bond issuance under this  
22 section so that the issuance provides for all qualified costs  
23 related to a financing order under this act.

24

1       B. The Authority is hereby authorized to borrow money on the  
2 credit of the revenues to be derived from securitization property  
3 received under subsection A of this section, and in anticipation of  
4 the collection of revenues, issue negotiable bonds necessary for  
5 such purposes. The Authority shall provide for the payment of such  
6 bonds and the rights of the holders thereof, as hereinafter  
7 provided. Said bonds may be issued in one or more series, may be  
8 sold in such manner and at such price or prices, may bear such date  
9 or dates, may mature at such time or times, may be in such  
10 denomination or denominations, may be in such form either coupon or  
11 registered, may carry such registration or conversion privileges,  
12 may be executed in such manner, may be payable in such medium of  
13 payments, at such place or places, may be subject to such terms of  
14 redemption, with or without premium, and may bear such rate or rates  
15 of interest, and shall be subject to such call for redemption as may  
16 be provided by resolution or resolutions to be adopted by the  
17 Authority and are consistent with the terms of the financing order  
18 issued by the Commission. The bonds shall have all of the qualities  
19 and incidents of negotiable paper, and the bonds and the interest  
20 earned on the bonds shall not be subject to taxation by the state,  
21 or by any county, municipality or political subdivision therein.

22       C. The Authority may only pledge the securitization property  
23 and the revenues received from such property arising from a single  
24 financing order for a single series of bonds. No revenues arising

1 from a separate financing order shall be pledged for or used to  
2 repay the bonds or series issued with respect to a separate  
3 financing order.

4 D. The Authority may issue ratepayer-backed bonds for the  
5 purpose of refunding any obligation of the Authority payable from  
6 the revenues of securitization property received under subsection A  
7 of this section. Where bonds are issued under this subsection, the  
8 bonds may either be sold pursuant to subsection G of this section or  
9 delivered in exchange for the outstanding obligations. If sold, the  
10 process may be either applied to the payment of the obligations,  
11 refunded or deposited in escrow for the retirement of the  
12 obligations. Nothing herein contained shall be construed to  
13 authorize the refunding of any outstanding obligations which are not  
14 either maturing, callable for redemption under their terms or  
15 voluntarily surrendered by their holders for cancellation, unless  
16 the Authority covenants that sufficient funds to pay all remaining  
17 interest and principal payments of the outstanding obligations when  
18 due will be placed in escrow for such purpose at the place or places  
19 where the bonds are payable.

20 E. The Authority shall execute all bonds issued by the  
21 Authority after approval of the form of the bond by the Authority  
22 and the Attorney General.

23 F. 1. The ratepayer-backed bonds issued under this section  
24 shall not be an indebtedness of the state or of the Authority, but

1 shall be special obligations payable solely from revenues related to  
2 securitization property received under subsection A of this section.  
3 The Authority is authorized and directed to pledge all or any part  
4 of such revenues to the payment of principal and interest on the  
5 bonds and to create a reserve for such purposes.

6 2. Any ratepayer-backed bonds issued pursuant to this section  
7 shall contain on the face thereof a statement to the following  
8 effect:

9 "Neither the full faith and credit nor the taxing power of the  
10 State of Oklahoma is pledged to the payment of the principal of, or  
11 interest on, this bond".

12 G. The State Treasurer is hereby authorized to purchase from  
13 the Authority at private sale all or any part of the bonds issued  
14 under this section as an investment of the public monies in his or  
15 her possession. It shall be the responsibility of the State  
16 Treasurer to invest only that portion of the public monies as it  
17 deems to be more than sufficient to meet current expenditures  
18 payable from public monies. The State Treasurer is authorized to  
19 buy and the Authority is authorized and required to sell to the  
20 State Treasurer at private sale so many of the bonds authorized by  
21 this section as may be safely purchased for investment of public  
22 monies by the State Treasurer without handicapping the state in  
23 promptly meeting its obligations. The State Treasurer may later

24

1 sell the bonds as are necessary to ensure sufficient cash on hand is  
2 available to meet current expenditures payable from public monies.

3 H. Bonds issued under this section shall be delivered to the  
4 purchaser only upon payment of par and accrued interest to the date  
5 of delivery, together with any premium bid.

6 I. The proceeds of the sale of ratepayer-backed bonds, and  
7 revenues received with respect to securitization property, shall be  
8 deposited in the State Treasury, in a fund which is hereby created  
9 and designated the "Regulated Utility Consumer Protection Fund"  
10 where they shall remain subject to disposition to be provided for by  
11 the Authority consistent with this act; provided, that the State  
12 Treasurer shall invest the monies in interest-bearing direct  
13 obligations of the United States of America, or of the State of  
14 Oklahoma, and provided, further, that all investments of the monies  
15 shall be so made that the same may be liquidated in time to enable  
16 the Authority to pay, in due course, the valid indebtedness incurred  
17 by the Authority for the purposes set forth in this section.

18 J. In the event a regulated utility has or receives alternative  
19 funds directed by the Commission to be applied to a securitized  
20 balance, the regulated utility shall provide the funds to the  
21 Authority. The Authority shall deposit the funds with the State  
22 Treasury pursuant to subsection I of this section. If the funds are  
23 provided in advance of the bond issuance, the Authority shall use  
24 the funds and interest on the funds to pay expenses related to the

1 issuance, reduce the total bond debt service or reduce the size of  
2 the required issuance. If the funds are provided after the bond  
3 issuance, the Authority shall use the funds and interest on the  
4 funds to offset amounts that would otherwise be recovered from  
5 utility customers under this act.

6 K. Any bank, trust or insurance company organized under the  
7 laws of this state may invest its capital, surplus and reserve funds  
8 and other funds under its control in ratepayer-backed bonds issued  
9 under this section.

10 SECTION 9. NEW LAW A new section of law to be codified  
11 in the Oklahoma Statutes as Section 9078 of Title 74, unless there  
12 is created a duplication in numbering, reads as follows:

13 In any proceeding where the issue is properly before it, the  
14 Oklahoma Corporation Commission may require an audit of all amounts  
15 received from customers under an irrevocable and nonbypassable  
16 mechanism and paid to a utility, the amounts paid by the utility to  
17 the Oklahoma Development Finance Authority or other holder of  
18 securitization property. An audit, as provided in this section,  
19 shall be part of any general rate case filed by a regulated utility  
20 currently affected by a financing order with outstanding ratepayer-  
21 backed bonds. Any audit conducted pursuant to this section shall be  
22 provided to the Governor, the Pro Tempore of the Senate, the Speaker  
23 of the House of Representatives and the Authority; provided,  
24 however, any part or parts of the audit deemed confidential pursuant

1 to federal or state law or as determined by the Commission, shall be  
2 redacted.

3 SECTION 10. NEW LAW A new section of law to be codified  
4 in the Oklahoma Statutes as Section 9079 of Title 74, unless there  
5 is created a duplication in numbering, reads as follows:

6 The Oklahoma Development Finance Authority shall file an  
7 application with the Supreme Court of Oklahoma for the approval of  
8 ratepayer-backed bonds issued under this act, and exclusive original  
9 jurisdiction is hereby conferred upon the Court to hear and  
10 determine each application. The Court shall give such an  
11 application precedence over the other business of the Court and  
12 consider and pass upon the application and any protests which may be  
13 filed against such application as speedily as possible. Notice of  
14 the hearing on each application shall be given by notice published  
15 in a newspaper of general circulation in the state that on a day  
16 named by the Authority will ask the Oklahoma Supreme Court to hear  
17 its application and approve the bonds. The notice shall inform all  
18 persons interested that they may file protests against the issuance  
19 of the bonds and be present at the hearing and contest the legality  
20 thereof. The notice shall be published one time, not less than ten  
21 (10) days prior to the date named for the hearing, and the hearing  
22 may be adjourned from time to time at the discretion of the Court.  
23 If the Court shall be satisfied that the bonds or any portions  
24 thereof have been properly authorized in accordance with this act

1 and the Constitution of the State of Oklahoma, and that when issued  
2 they will constitute valid obligations in accordance with their  
3 terms, the Court shall render its written opinion approving the  
4 ratepayer-backed bonds and shall fix the time within which a  
5 petition for rehearing may be filed. The decision of the Court  
6 shall be a judicial determination of the validity of the bonds,  
7 shall be conclusive as to the Authority, the state, its officers,  
8 agents and instrumentalities, and all other persons, and thereafter  
9 the bonds so approved and the revenues pledged to their payment  
10 shall be incontestable in any court in this state.

11 SECTION 11. NEW LAW A new section of law to be codified  
12 in the Oklahoma Statutes as Section 9080 of Title 74, unless there  
13 is created a duplication in numbering, reads as follows:

14 Effective on the date the first ratepayer-backed bonds are  
15 issued under this act, if any provision in this act or portion of  
16 this act is held to be invalid or is invalidated, superseded,  
17 replaced, repealed or expires for any reason, that occurrence does  
18 not affect the validity or continuation of this act or other  
19 provisions of law that are relevant to the issuance, administration,  
20 payment, retirement or refunding of the ratepayer-backed bonds or to  
21 any actions of the Oklahoma Development Finance Authority or the  
22 regulated utility or their successors, assignees or collections  
23 agents.

24

5 in conflict or inconsistent with any of the provisions of Section 18  
6 through Section 34, inclusive, of Article IX of the Constitution of
