

**BILL SUMMARY**  
1<sup>st</sup> Session of the 58<sup>th</sup> Legislature

<b>Bill No.:</b>	<b>HB1010</b>
<b>Version:</b>	<b>SAHB</b>
<b>Request Number:</b>	
<b>Author:</b>	<b>Rep. Ranson</b>
<b>Date:</b>	<b>2/4/2021</b>
<b>Impact:</b>	<b>\$37,679 Annual Cost</b>

**Research Analysis**

The Senate amendments to HB 1010 (SAHB) replaces the title, enacting clause and entire bill and inserts language that provides for legislative intent to provide preventive education and other preventive actions concerning traumatic brain injuries. The SAHB 1010 creates within the State Department of Health an Advisory Council on Traumatic Brain Injury until December 31, 2027 and provides membership, appointment, terms, and selection of officers. The Council is required to provide an annual summary of recommendations to the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the State Commissioner of Health no later than the 10<sup>th</sup> legislative day of each session of the Legislature.

SAHB 1010 requires the State Department of Health to establish and maintain a central registry of persons who die or are hospitalized from traumatic brain injuries. Additionally, it requires all licensed hospitals, the office of the Chief Medical Examiner, and other related institutions to report to the State Department of Health the identification of any person suffering a traumatic brain injury and any other additional information deemed necessary by the Department. The State Department of Health will forward an annual summary of the compiled statistics to the Advisory Council on Traumatic Brain Injury by November 1 of each year.

SAHB 1010 authorizes the State Department of Health, the Department of Human Services, and the Oklahoma Highway Safety Office of the Department of Public Safety to implement programs for assistance, education, and other preventive programs after receiving recommendations from the Advisory Council.

Prepared By: Dan Brooks

**Fiscal Analysis:** Per the Oklahoma Department of Health:

Travel for Advisory Board - \$1,232 (based on average 100 mi)

Qualtrics cost for database/data – est. \$5,000 --- we have a license already, so this would be the portion they would be responsible for

Education Material – est. \$500

Nursing home survey cost: \$30,947.30

3 hours of clinical surveyor time to collect and verify  
1 hour of admin time to enter.

**DHS:** The only fiscal impact to OKDHS would be the staff time to participate with the Advisory Council. Any additional impact would depend on the programs that the Advisory Council would recommend for implementation.
