Research Analysis

The second floor amendment to HB 2004 does the following:

- Increases the penalties for sales or purchases by a medical marijuana business to persons other than those allowed by law from \$1,000 to \$5,000 for the first violation and from \$5,000 to \$10,000 for any subsequent violation;
- Allowing the Oklahoma Medical Marijuana Authority (OMMA) to order a licensee to immediately cease and desist operations when there is clear and convincing evidence that a public health or safety emergency exists;
- Prohibits licensed growers from transporting, relocating or selling any medical marijuana or marijuana plants that is the subject of an emergency order until the matter is resolved; and
- Provides that 50-percent-disabled veterans can pay a reduced biannual application fee of \$20.

Fiscal Analysis

From OMMA:

FA2: Increases to fines may increase total collections by the state; the total impact is unknown. Expanding the patients that qualify for reduced license costs will reduce license revenue to the state, but without knowing the number of impacted patient applicants we cannot calculate this cost.
