Bill Analysis

HB 2233 authorizes county commissioners to expend funds made available to a county of the state through the federal Coronavirus Aid, Relief, and Economic Security Act (CARES Act) according to the permissible uses of the applicable federal legislation or guidance issued by any federal agency. Such expenditures may be used regardless of any lack of specific state statutory authorization to perform the duties or functions for which the federal government has provided the funds. The measure provides that the receipt of such funds shall not be calculated as a supplemental appropriation.
