**Bill Analysis**

HB 3929 provides that process validation for a medical marijuana business licensee's product shall be voluntary. The measure directs the State Health Department to develop standards and requirements for a licensee to achieve process validation by October 1, 2023. The standards for process validation shall include initial requirements to achieve process validation, the requirement licensees to track inventory, record and document retention standards, testing requirements, license revocation procedures, punishments for willful violations, a maximum annual registration fee of \$2,500.00, and criteria for eligibility of testing labs.
