|---------------------|--------------------|
| Bill No.: | SB 1515 |
| Version: | FS |
| Request No.: | 3612 |
| Author: | Sen. Weaver |
| Date: | 02/22/2022 |

Bill Analysis

The FS for SB 1515 provides that a certified emergency medical response agency may provide limited transport after receiving the approval of appropriate medical control at the time of transport. Emergency transportation shall not be required if a patient's apparent clinical condition does not warrant emergency ambulance transport. Non-transport protocols as they relate to patients must be authorized by the regional medical director.
