

Bill Summary
1st Session of the 58th Legislature

Bill No.:	SB 341
Version:	INT
Request No.:	1383
Author:	Sen. Pederson
Date:	01/11/2021

Bill Analysis

SB 341 authorizes a licensed wrecker operator to confiscate the license plate of any vehicle lawfully towed and stored by said operator. The operator hold the plate until the owner of the vehicle has cleared their charges with the wrecker operator. Additionally, the operator must notify the Oklahoma Tax Commission within 3 days of confiscating and returning the license plate. The Oklahoma Tax Commission is directed by the measure to produce a stop flag designation and database for such vehicles. Tag agents shall review the database and may not issue a new or renewed tag for this or any other vehicle owned by a person listed in the database.
