Bill Analysis

SB 862 provides for buildings owned by a county or municipal government as well as trusts or authorities with a county or municipal government as the beneficiary to be designated as smoke-free locations. Such locations prohibit the use of tobacco, nicotine, marijuana, or other lawful products consumed in a smoked or vaporized manner. Additionally, the measure specifies the manner in which a medical marijuana dispensary's distance from a school is measured, providing for such measurements to be based on the distance measured from any entrance of the school to the nearest property line point of the medical marijuana dispensary.
