

Fiscal Impact
2nd Session of the 57th Legislature

Bill No.:	SB 1163
Version:	INT
Author:	Sen. Garvin
Date:	02/09/2022

Fiscal Analysis

SB 1163 authorizes each district attorney, in coordination with the DAC, to develop a multidisciplinary team for the investigation and prosecution of crimes committee against the elderly or vulnerable adults.

The provisions should not have an impact on DAC's budget. APS has agreed to partner and provide what assistance they can if the bill becomes law. The model for this new multidisciplinary team (MDT) is based on the Child Abuse MDT which is already codified and has not had a direct impact on DAC's budget. Possible future need for additional FTE if the model improves the prosecution rates or it becomes apparent that additional staff is necessary to coordinate the team meetings.

FY'23 Impact: No direct impact

Full Year Impact: No direct impact
