**Fiscal Analysis**

SB 1597 provides for the Oklahoma Department of Transportation (ODOT) to administer a weigh station preclearance program if it so chooses. The measure provides for ODOT to determine which weigh stations will participate in the program and the standards for participation in the program. There is no cost to ODOT, however, due to the unknown costs of future third-party software requirements to the Corporation Commission, the impact is undeterminable.

**FY'23 Impact:** Undeterminable
