

Fiscal Impact
2nd Session of the 57th Legislature

Bill No.:	SB 252
Version:	HASB
Author:	Sen. Stanley
Date:	04/28/2021

Fiscal Analysis

SB 252 requires all public and charter high schools to offer a minimum of one computer science course beginning in the 2024-25 school year. To implement the provisions of this bill, SDE believes there will be, at a minimum, cost to train existing teachers. Training costs will include course development and delivery, certification exam costs, materials, travel, stipend and other miscellaneous expenses. SDE projects a rough estimate of \$1500 per course. Elementary school teachers would receive two courses; middle and high school teachers would receive four courses. To meet the reporting requirements, SDE estimates an additional cost of \$7500 for personnel time to develop the report. The current student information system will allow for collecting the data from districts. The HA's removed language that disaggregates teachers by certain categories. Anticipated impact is ranges from \$0-\$8,200,500.00 in school year 2024-2025.
