

Fiscal Impact
2nd Session of the 57th Legislature

Bill No.:	SB 704
Version:	INT
Author:	Sen. Rader
Date:	02/18/2021

Fiscal Analysis

SB 704 modifies enhanced sentencing requirements for second and subsequent offenses of certain nonviolent felonies. In certain circumstances the bill provides eligible offenders the opportunity for resentencing by the court of original jurisdiction as well as placement on an accelerated, single-stage commutation docket. The enhanced sentencing modifications could result in shorter average sentence lengths for these offenses in the future, which may result in cost savings to DOC. However, the full impact of this provision cannot be determined at this time. The resentencing and commutation provisions could result in a reduction of Oklahoma's incarcerated population. However, the impact is contingent on the number of inmates eligible under these provisions.
