11 prescriptions - coverage - codification - effective
12 date]

13
14 ~~BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:~~

15 SECTION 1. NEW LAW A new section of law to be codified
16 in the Oklahoma Statutes as Section 6060.3b of Title 36, unless
17 there is created a duplication in numbering, reads as follows:

18 A. As used in this section:

19 1. “Contraceptive drugs” means all drugs approved by the United
20 States Food and Drug Administration that are used to prevent
21 pregnancy, including, but not limited to, hormonal drugs
22 administered orally, transdermally, and intravaginally; and

23 2. “Health benefit plan” means a health benefit plan as defined
24 pursuant to Section 6060.4 of Title 36 of the Oklahoma Statutes.

1 B. Any health benefit plan that is offered, issued, or renewed
2 on and after the effective date of this act that offers coverage for
3 contraceptive drugs shall provide coverage for an enrollee to
4 obtain:

5 1. A three-month supply of a contraceptive drug at once the
6 first time the enrollee obtains the drug; and

7 2. A twelve-month supply of the contraceptive drug at once each
8 subsequent time that the enrollee obtains the same drug, regardless
9 of whether the enrollee was enrolled in the health benefit plan the
10 first time that the enrollee obtained the drug.

11 An enrollee may obtain only one twelve-month supply of a covered
12 prescription drug during each twelve-month period.

13 C. Nothing in this section shall be construed to prohibit an
14 enrollee of a health benefit plan from requesting a smaller supply
15 or to prohibit a prescribing provider from prescribing a smaller
16 supply if such a prescription is supported by clinical utility and
17 medical appropriateness.

18 D. Nothing in this section shall be construed to require
19 coverage under a health benefit plan for any contraceptive drug that
20 is not intended for regular or routine use.

21 SECTION 2. This act shall become effective November 1, 2024.
