Research Analysis

HB 1482 provides that any truck tractor and semitrailer combination requires towing services for either the truck tractor or semitrailer, the combination of the truck tractor and semitrailer combination is to be considered one unit and the licensed wrecker operator responding is to tow and retain both the truck tractor and the semitrailer until reimbursement has been made for services rendered.

Fiscal Analysis

This measure amends current statute relating to the towing of vehicles from roadways, requiring certain vehicles to be towed as one unit and requiring retention of those certain vehicles until reimbursement is made for services rendered by the licensed wrecker operator. After consultation with officials from the Department of Public Safety, it is not anticipated that HB1482 will have an impact on state budget or appropriations.
