Fiscal Analysis

HB 1522 requires that all health insurers offer a shared savings incentive program under the Consumer Health Choice Empowerment Act. According to officials with OMES-EGID, "HealthChoice does not fall within the bill's written scope and the bill's substance does not fall within the enumerated categories listed under 36 O.S. §6011, so HealthChoice is not compelled to comply with the mandates of this bill," therefore no anticipated impact on HealthChoice rates.

The conference committee report restores title and the enacting clause and further specifies who the provisions of the measure pertain to. Therefore, in its current form, HB 1522 has no direct fiscal considerations for the state.
