**Research Analysis**

HB 1940, as introduced, requires the Oklahoma Water Resources Board to establish a flat fee for both regular and temporary groundwater permits.

Prepared By: Emily Byrne

**Fiscal Analysis**

This measure allows Oklahoma Water Resources Board (OWRB) to adjust the permit fee for groundwater use by rules approved by the Board. This will allow the Board to raise fees to cover the cost of administering the program, so there should be no fiscal or revenue impact to the state.

Prepared By: Mariah Searock, House Fiscal Staff

**Other Considerations**

None.
