Bill No.:	HB1943
Version:	Introduced
Request Number:	6241
Author:	Speaker McCall
Date:	2/14/2023
Impact:	\$0

Research Analysis

HB 1943, as introduced, provides that if the Department of Environmental Quality (DEQ) promulgates new wastewater treatment plant requirements after an application to construct a new wastewater treatment plant has been approved, the plant will have 15 years to become compliant with the DEQ's new construction requirements.

Fiscal Analysis

According to the Department of Environmental Quality, DEQ, this measure creates little to no impact for DEQ, and therefore there it should not need additional appropriated dollars to cover the program in the measure. Therefore, there should be no fiscal impact to the state.
