Fiscal Analysis

The Oklahoma Health Care Authority (OHCA) is already covering this population, and currently has the money on hand to cover the increased costs to the state. Per OHCA the state share for this expansion is two million five hundred fifty thousand dollars (\$2,550,000.00) of the total expansion costs of seven million eight hundred thousand dollars (\$7,800,000.00). As OHCA is currently able to cover the costs of the expansion, there is no fiscal impact to the state for this fiscal year. There may need to be additional appropriations in future years.
