Fiscal Analysis

HB 2247 allows for an individual income tax credit for a qualified donation by an individual to a county for its County Road and Bridge Donation account, with specific stipulations on the amount of the tax credit based upon county population. As this is a new tax credit, data is currently unavailable to estimate the number of amount of potential donations. Per the Oklahoma Tax Commission (OTC), the expected revenue impact of this measure is an unknown decrease in income tax revenue, beginning in FY-25, when 2024 tax returns are filed.
