Fiscal Analysis

HB 2750 allows Service Oklahoma more flexibility in authorizing who can become a certified driver license examiner and where driver license exams can be administered. Per Service Oklahoma, there is an anticipated minimal revenue increase from driver license collections and a minimal cost resulting from the installation of testing terminals at these approved third party locations. The agency has not identified an increased need for appropriations as a result of the provisions of the measure in its current form.

Prepared By: Jay St Clair, House Fiscal Staff

Other Considerations

None.
