**Research Analysis**

The conference committee substitute for HB2794 requires state agencies to treat the covered information of any current or retired judge as private when the agency receives a written request by the judge or the Administrator Director of the Court. Eligible judges may also make the same request to any private entity that has publicly posted the covered information on the Internet and may ask that the information of their immediate family members also be protected.

The measure also prohibits any commercial entity from knowingly selling, licensing, trading or purchasing private information pertaining to a judge or his or her immediate family. Additionally, the Administrator Director of the Courts is required to submit an annual report to the Legislature detailing the amount spent by the state and local governments to protect the judge' information.
