Research Analysis

The conference committee substitute for HB 2804 authorizes the Oklahoma Uniform Building Code Commission to establish a continuing education program for construction industry workers affected by the codes adopted by the commission, code officials, and design professionals. Building trades professionals may attend training provided by the commission.

The measure also directs the commission to establish rules requiring any proposed energy building codes or amendments for residential single-family and commercial construction to include either a payback period analysis or a statement explaining why a payback period is not applicable.
