Fiscal Analysis

According to the Oklahoma Water Resources Board (OWRB), it would need to increase the staff by about 0.25 FTE, which OWRB estimates the cost to be Twenty-five Thousand Dollars (\$25,000.00). This staff person would be used for program development and enforcement. Therefore, the fiscal impact of this measure is \$25,000 per year to the state budget.

The floor amendment does not change the fiscal impact of the measure.
