**Fiscal Analysis**

After communication with Service Oklahoma, the floor amendment to HB3231 is anticipated to have a recurring administrative cost of \$10,650.00, and a one-time implementation cost of \$32,384.00.

HB 3231 would permit persons under the age of 18 who meet the new definition of homeless children and youth, as defined in 10 O.S. §600, to obtain a four-year REAL ID Noncompliant state identification card without parental signature and at no cost.

According to the National Alliance to End Homelessness, there are 3,871 homeless people in Oklahoma. A study from the City of Oklahoma City states that 11% of the homeless population are under the age of 24. While the percentage of the homeless population that is under the age of 18 is unknown, applying the 11% figure, there is an estimated 426 people that may be impacted by this measure. The current cost of a REAL ID Noncompliant state identification card is \$25.00 for a four-year credential. This bill specifies that the applicant could obtain a four-year credential. Assuming that these individuals would not otherwise obtain a credential, there is an estimated annual administrative cost of \$10,650.00.

The costs for implementation are estimated at \$32,384.00.
