

**BILL SUMMARY**  
2<sup>nd</sup> Session of the 59<sup>th</sup> Legislature

<b>Bill No.:</b>	<b>HB3462</b>
<b>Version:</b>	<b>CS</b>
<b>Request Number:</b>	<b>10343</b>
<b>Author:</b>	<b>Archer</b>
<b>Date:</b>	<b>2/21/2024</b>
<b>Impact:</b>	<b>\$0</b>

**Research Analysis**

The committee substitute for HB 3462 directs the Oklahoma Department of Agriculture, Food, and Forestry, with assistance from the Department of Wildlife Conservation, to develop a pilot program to enhance the genetic durability of Oklahoma deer against chronic wasting disease.

Prepared By: Tricia Hines

**Fiscal Analysis**

According to the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) does not believe the measure will create a fiscal impact for the agency.

The Oklahoma Department of Wildlife Conservation (ODWC) believes there will be some costs to running the license, offset by the fee, but do not know many licenses there may be. Therefore, ODWC is unsure of what the impact to the agency would be. As ODWC is a non-appropriated agency though; therefore, there should be no fiscal impact to the state.

Prepared By: Mariah Searock, House Fiscal Staff

**Other Considerations**

None.
